Field Season Ice & Water Duties

To help keep members hydrated while they're working hard, OGBB provides ice and water at lunch and dinner breaks during band camp and Saturdays during field season.

Florida, the owner of the McDonald's on Snell & Branham, provides ice for OGBB as long as her machines are working well. In July, someone should visit and ask if they'll continue to help OG students by providing ice. (Mountain Mike's and Burger King have helped in past years.)

Regular Saturday Practice Days (and Daily During Band Camp)

12 noon (Lunch starts @ 1 pm.)

1. Drive to McDonalds (Snell and Branham) and pick up two boxes of ice.
2. Drive to OG, drive around behind the pool, and park between the band room and small gym.
3. Go into the band room, into Moura's back office, and bring out two blue water jugs, one blue cooler, and water key.
4. Fill both water jugs 3/4 full of ice and fill with water. (Water spigot is on the corner of the small gym closest to the band room door.)
5. Transfer the remaining ice into blue cooler (inside a black garbage bag). Keep the scoop(s) in the cooler.
6. Place blue water jugs and blue cooler on the bench in the "eating area" outside band room. (Remember to keep the water key with you.)

4:45 pm (Dinner starts @ 5pm)

1. Come to OG.
2. Refill blue jugs with ice and water. (There may be ice left in the cooler from lunch.)

5:30pm (or 9pm)

1. Empty jugs and cooler and return them into Moura's back office.
2. Put the water key on handle of blue jug/blue cooler.

Competition Saturdays

Duties are the same, but times may vary. Check with Moura and show schedule.
